MANAGEMENT DISCUSSION AND ANALYSIS REPORT AS PER REGULATION 34(2) OF SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

Overview of Economy & Industry Scenario

Global Economy and Outlook

In calendar year 2024, the global economy demonstrated considerable resilience, achieving a growth rate of 3.3% according to the International Monetary Fund's (IMF) World Economic Outlook. This growth occurred despite of uneven progress across different regions and sectors. Headline inflation eased to 5.8%, moving closer to central bank targets and triggering the initial round of interest rate cuts in several major economies.

Labour markets remained relatively robust, with unemployment rates hovering near historic lows, although there were signs of slight softening. Strong nominal wage increases, coupled with declining inflationary pressures, led to an improvement in real household incomes. Nevertheless, private consumption stayed muted, reflecting cautious consumer sentiment and persistent uncertainty.

Geopolitical tensions, especially in Eastern Europe and the Middle East-intensified, contributing to global instability. These developments disrupted trade, investment flows, and financial markets, continuing to weigh on business confidence and long-term investment planning.

The global economy is at a critical juncture, with significant internal and external imbalances and vulnerabilities. Major policy shifts are underway, generating a new wave of uncertainties with potentially significant implications for the functioning of the global economy. The global economic outlook for 2025 is characterized by slower growth, with the US trade policy playing a significant role in shaping the landscape. The average US duties remain historically elevated, continuing to exert a drag on global trade and activity. This uncertainty surrounding US trade policy is expected to contribute to slower global growth, with advanced economies projected to grow by only 1.2%.

The ongoing war situations in Russia and Ukraine and escalating war situation in middle east countries can present significant risk of oil price surges, straining public finances and raising inflation. Disruption of trade routes can lead to higher shipping and insurance costs and volatility in financial markets which may lead to investors shift towards safe-haven assets. The emerging geopolitical landscape presents a cautious and complex picture of the global economy for the year 2025. Escalating trade tensions and policy uncertainty and escalating war situations are major drivers for the economic outlook. The divergent and swiftly changing policy positions and deteriorating sentiment could lead to tighter global financial conditions. Demographic shifts threaten fiscal sustainability, while the recent cost-of-living crisis may reignite social unrest. The financial market landscape is marked by increased uncertainty and market volatility, against the backdrop of stretched valuations within many segments of financial markets. Global growth is projected to decline, following a period of steady but underwhelming performance. As per the IMF report of April 2025, the global growth is expected to decline to 2.8% in 2025 and 3% in 2026, down from 3.3% in both 2024 and 2023. Advanced economies are projected to grow at 1.4% in 2025, with the US slowing to 1.8% and the Europe at 0.8% and emerging market and developing economies are expected to slow down to 3.7% in 2025 and 3.9% in 2026.

Indian Economic Overview

India continues to be one of the fastest-growing major economies globally, supported by its favourable demographic profile, strong domestic consumption, ongoing structural reforms, and a sustained drive towards digital transformation. Key contributors to this growth include healthy GST collections, expanding infrastructure, manufacturing sectors, and rapid technological adoption across industries. The government's emphasis on improving the ease of doing business and nurturing a vibrant startup ecosystem has further bolstered economic momentum.

However, GDP growth moderated to 6.5% year-on-year in FY2025, reflecting the combined impact of global economic headwinds and domestic challenges. Factors contributing to this slowdown include a decline in manufacturing output, elevated food inflation, tepid urban demand, limited job creation, widening trade deficits, and subdued private sector investment. Despite these hurdles, India remains on a stable growth trajectory, driven by robust manufacturing, diversifying services, increased infrastructure spending, and government-led initiatives promoting digitalisation, financial inclusion, and business-friendly reforms. Efforts to diversify trade through new free trade agreements have helped mitigate external risks, while rising urbanisation and growing middle class have supported consumer spending. Inflationary pressures, driven by global supply chain disruptions and volatile commodity prices, prompted the Reserve Bank of India (RBI) to take proactive measures to balance inflation control with economic growth. India's total exports reached a record high of \$824.9 billion in 2024-25, driven by strong services exports and increased merchandise exports excluding petroleum products. This figure represents a 6.01% increase over the US\$778.1 billion exported in 2023-24, marking a significant leap in the country's economic trajectory. Private consumption saw a rebound, contributing to overall economic growth.

India's real GDP is expected to expand by 6.3% in FY2025-26 and 6.4% in FY2026-27. This growth will be primarily driven by a gradual recovery in private consumption, supported by rising real incomes due to moderate inflation, recent tax relief measures, and a strengthening labour market. Investment activity is likely to benefit from falling interest rates and robust public capital expenditure. However, increased tariffs from the

United States may dampen export performance. Inflation is projected to remain stable at around 4%, in line with trend-level economic growth. Nonetheless, risks such as spike in global commodity prices could lead to higher food inflation.

The Union Budget for FY 2025-26 outlines a path of moderate fiscal consolidation, targeting a reduction in the fiscal deficit from 4.8% of GDP in FY2024-25 to 4.4% in FY2025-26. With inflation well within the target range, monetary policy is expected to gradually shift towards a more accommodative stance. Enhancing the efficiency of public spending through better targeting of energy and fertilizer subsidies, along with rationalizing tax expenditures, could free up resources for other developmental priorities. Additionally, improvements in logistics, digital infrastructure, and greater policy predictability especially in tax administration are expected to encourage private sector investment.

TEXTILES

Global Textile Industry

The global textile industry comprises textile manufacturing, refining and retail clothing. A multi-billion dollar manufacturing sector, the global textile business consists of production, refining and sale of synthetic and natural fibres. As of 2025, the textile market size is estimated at USD 748 billion and is expected to reach USD 889 billion by 2029, growing at a CAGR of 3.5% between 2024 and 2029. The textile industry is a dynamic market with key players being China, European Union, US and India. China is the largest textile producing and exporting country in the world. On the other hand, the European Union comprises Germany, Spain, France, Italy and Portugal at the forefront with a value of more than one-fifth of the global textile industry. India is the third-largest textile manufacturing industry and is responsible for more than 6% of the total textile production globally.

With rapid industrialization and the advent of technology, textile industry is incorporating modern installations to increase the production of textiles. The industry is also observing a paradigm shift towards natural fibers such as cotton, silk, linen, wool, hemp, jute, and cashmere. These fibers are favored for their low density and high strength compared to conventional fibers, leading to a rise in demand for fiber fabrics. Additionally, post pandemic awareness of hygiene products has contributed to the growing popularity of natural fiber fabrics in the textile industry.

Indian Textile Industry

As one of the largest textile industries in the world, the Indian textile industry contributes approximately 2.3% to the country's GDP, 13% to industrial production and 12% to total exports earnings. India is one of the largest producers of cotton and jute in the world. It is also the 2nd largest producer of silk, with 95% of the world's hand-woven fabric comes from India. India's total textile exports are expected to reach USD 65 Billion by FY2026 and is expected to grow at 10% CAGR 2019-2020 to reach USD 190 Billion by 2025-2026. The textiles and apparel industry in India has strengths across the entire value chain from fibre, yarn, fabric to apparel. The Indian textile and apparel industry is highly diversified with a wide range of segments ranging from products of traditional handloom, handicrafts, wool and silk products. India has been observing a robust trade in technical textile products and the country has been a net exporter. The government has also launched the Production Linked Incentive Scheme with an approved outlay of ₹ 10,683 crore to promote production of Man-Made Fibre Apparel, Man-Made Fibre Fabric and products of Technical Textiles in the country.

Risk & Concerns

The broader trends in the economy are expected to have a direct impact on your Company's growth prospects as well. Inflation is expected to remain elevated for the foreseeable future, driven by war-induced commodity price increases and broadening price pressures. In addition, the anticipated increase in interest rates by Central Banks in the coming year are also expected to lower growth and exert pressure on economies particularly those in emerging markets.

In these circumstances, the ability to successfully navigate cost pressures would have a significant bearing on the overall performance of your Company. Diminishing purchasing power and demand due to the economic circumstances could result in fundamental shifts in consumer behaviors and adversely impact the market for textiles.

Your company's entire operational activities in textile segment are stand still since August 2008.

REAL ESTATE

Global Real Estate Market

The global real estate sector in 2024 navigated a transitional year, shaped by macroeconomic stabilization, shifting demand patterns, and increased focus on sustainability. Residential Real Estate saw mixed performance. While affordability challenges persisted in developed markets due to high interest rates and tight supply, emerging economies particularly in India and Southeast Asia witnessed strong housing demand driven by urban growth and rising incomes. Government support measures in China attempted to stabilize its troubled property sector, with modest results.

Commercial Real Estate continued to undergo structural change. The office segment remained under pressure in many global cities as hybrid work reduced demand for traditional office space. Conversely, industrial and logistics assets performed strongly, fueled by e-commerce growth and supply chain reconfiguration. Retail real estate showed signs of recovery, especially in regions with strong tourism and consumer spending.

Investment activity remained cautious but selective. Global real estate investors favored asset classes like logistics, data centers, healthcare, and green buildings. Real Estate Investment Trusts (REITs) showed varied performance, with industrial and alternative segments outperforming office and retail.

Sustainability and ESG integration became central to asset strategy and development. Regulatory focus on climate resilience, energy efficiency, and green certifications continued to grow across regions.

Indian Real Estate Market

Despite all the external and internal roadblocks in CY24, including inflation, general elections and geopolitical tensions, India continues to be one of the fastest growing major economies in the world. The Indian real estate sector has shown robust growth since the pandemic. While initial recovery saw a surge in housing sales, commercial leasing has also gained significant traction over the past year. Hospitality sector continues to do exceedingly well with average daily rates at an all-time high. As India moves from being a low-income to a middle-income country, household incomes and spending will continue to rise giving a long runway for growth in the real estate sector. Real estate will continue being a driver of growth and employment and will continue to take larger share of the country's GDP, as is the case in other more developed and advanced economies.

Opportunities, Threats and Challenges

Opportunities

India's real estate sector is experiencing renewed momentum, underpinned by strong demand, rising disposable incomes, and a favorable policy environment. The Baroda Rayon Corporation Limited, backed by proven execution capabilities, and strategic presence in key geographies, is well-positioned to leverage this upward trajectory.

- ❖ The company has inherent strength due to its prime location.
- ❖ The current environment in the real estate industry poses challenges to the entry of new competitors. With the trend leaning towards a smaller number of dominant developers in each region, this period of consolidation offers an attractive chance for current real estate firms to meet the increasing demand for housing.

Threats

While we are favorably positioned to capitalize on the growth prospects within the Indian real estate sector, there are potential challenges that the industry might need to navigate in the near to medium term.

- ❖ The real estate industry is subject to extensive regulations, and any negative adjustments in governmental policies or the regulatory framework can negatively influence the sector's performance. Significant delays in procedures related to acquiring land, determining land use, initiating projects, and obtaining construction approvals are common. Changes in policy applied retrospectively, along with regulatory obstacles, could affect profitability and diminish the appeal of both the sector and the companies active within it.
- ❖ In recent years, the landscape of real estate financing has shown a marked divergence. Well-established developers with lower debt levels have continued to secure funding with relative ease, benefiting from the selective approach of lenders, while those with weaker financial standings have encountered challenges in accessing capital. The performance of the real estate sector is intricately connected to the broader economic recovery and the prevailing monetary policies. The RBI has adopted an accommodative stance for now to bolster economic growth but has kept a hawk eye on the inflation trajectory. The central bank could reverse its stance, which may pose challenges for the real estate sector in the form of higher housing loan costs and an escalation in financing costs for developers.
- ❖ As the country's second-largest employment provider, the real estate sector relies significantly on manual labour. The pandemic severely impacted this sector due to labour shortages, disrupting project completion schedules. Consequently, there's a pressing need for the adoption of alternative construction methods that are less dependent on manual labour and more on technology.

Discussion of the Financial Performance with respect to operational performance

The company has following ongoing real estate projects at Udhna, Surat City namely –

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF THE BARODA RAYON CORPORATION LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of The Baroda Rayon Corporation Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, notes to financial statements and the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

- (i) *We draw attention to Note 35 of accompanying standalone financial statements, some of the strategic investors were supposed to introduce funds under rehabilitation scheme sanctioned by Board for Industrial and Financial Reconstruction (BIFR), however the said investors could not introduce funds as per stipulation. Consequently, Company's rehabilitation process delayed and Company has forfeited amount received from strategic investors for ₹ 856.98 lakhs. Further, ₹ 275.48 lakhs have been written off for liabilities no longer payable. These amounts are treated under exceptional items of accompanying standalone financial statements.*
- (ii) *We draw attention to Note 30 of accompanying standalone financial statements, as per the Modified Draft Rehabilitation Scheme (MDRS) the company had availed secured loans from strategic investors amounting to ₹ 6321.87 lakhs which was overdue. However, during the year under review the said debts were settled by way of Debt Settlement Agreement dated March 08, 2025. Further as per MDRS, the company had also availed unsecured loans from various lenders for which the company has negotiated and reached an agreement with the lenders to settle the amount of loans in the subsequent financial year.*

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The Key Audit Matter	How the matter was addressed in our audit
Revenue recognition for real estate projects (as described in note 3.2(a) of the Notes to financial statements)	
The Company applies Ind AS 115 'Revenue from contracts with customers' for recognition of revenue from real estate projects, which is being recognised at a point in time upon the Company satisfying its performance obligation and the customer obtaining control of the underlying asset. Considering application of Ind AS 115 involves significant judgement in identifying performance obligations and determining when 'control' of the asset underlying the performance obligation is transferred to the customer, the same has been considered as key audit matter.	Our audit procedures included: <ul style="list-style-type: none"> • Read the Company's revenue recognition accounting policies and assessed compliance of the policies with Ind AS 115; • Obtained and understood revenue recognition process including identification of performance obligations and determination of transfer of control of the asset underlying the performance obligation to the customer; • Read the legal opinion obtained by the Company to determine the point in time at which the control is transferred in accordance with the underlying agreements; • Tested, revenue related transactions with the underlying customer contracts and documents evidencing the transfer of control of the assets to the customer based on which revenue is recognized; • Assessed that the performance obligation is satisfied by the Company.
Pending Litigations (as described in note 27 of the standalone financial statements)	
As on 31 st March, 2025, the Company has recognised pending litigation and wage settlement to the extent it is crystallised. Considering the materiality of the amounts involved, the significant management judgement required in estimating various liabilities being inherently subjective, this matter has been identified as a key audit matter for the current year audit.	Our audit procedures included the following: <ul style="list-style-type: none"> • Obtained an understanding of management's process and evaluated design and tested operating effectiveness of controls around identification of indicators of various pending litigations under Ind AS. • Financial liabilities at fair value through profit or loss include financial liabilities held for trading and designated upon initial recognition as at fair value through profit or loss.
Inventory Valuation	
Refer Note 3.2(e) to the standalone financial statements which includes the accounting policies followed by the Company for valuation of inventory. The Company's inventory comprises of ongoing and completed real estate projects. As at 31 st March 2025, the carrying values of inventories amounts to ₹ 60891.10 lakhs. The inventories are carried at the lower of the cost and net realizable value ('NRV'). The determination of the NRV involves estimates based on prevailing market conditions, current prices and expected date of commencement and completion of the project, the estimated future selling price, cost to complete projects and selling costs. Considering significance of the amount of carrying value of inventories in the standalone financial statements and the involvement of significant estimation and judgement in such assessment of NRV, the same has been considered as key audit matter.	Our audit procedures/ tested included, among others: <ul style="list-style-type: none"> • Read and evaluated the accounting policies and disclosures made in the standalone financial statements with respect to inventories; • Understood and reviewed the management's process and methodology of using key assumptions for determination of NRV of the inventories; • Tested the NRV of the inventories to its carrying value in books on sample basis; and • Where the Company involved specialists to perform valuations, we also performed the following procedures: <ul style="list-style-type: none"> • Obtained and read the valuation report used by the management for determining the NRV; • Considered the independence, competence and objectivity of the specialist involved in determination of valuation; and • Involved internal specialists to review the assumptions used by the management's experts.

Information Other than the Standalone Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises of Management Reports such as Board's Report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report (but does not include the Standalone Financial Statements and our Auditors' Report thereon) which we obtained prior to the date of this Auditor's Report, and the remaining section of the Company's Annual Report, which are expected to be made available to us after that date.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this Auditor's Report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the other sections of Annual Report (other than those mentioned above), if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

Responsibilities of Management for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India, in exercise of powers conferred by sub-section 11 of section 143 of the Act, and on the basis of such checks of books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure-A" attached hereto our comments on the matters specified in the paragraphs 3 and 4 of the said Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) Except for the possible effects of the matter described in Emphasis of matter Paragraph, In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure-B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements (Refer Note 27 to the financial statements).
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come our notice that has caused us to believe that the representations under sub-clause (a) and (b) above contain any material mis-statement

(v) Based on our examination which included test checks -

a) The Company uses accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and

b) The Company has used Tally Prime software service provider, for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that in the absence of sufficient information, we are unable to comment on whether audit trail feature of the underlying database of the said software was enabled and operated throughout the year. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with in respect of Tally Prime.

- xviii. There has been no resignation of the statutory auditors of the Company during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. (a) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 in respect of other than ongoing project. Accordingly, reporting under clauses (xx)(a) of Paragraph 3 of the Order are not applicable.
- (b) In our opinion and according to the information and explanations given to us, there are no ongoing projects as per section 135 of the Companies Act. Accordingly, reporting under clauses (xx)(b) of Paragraph 3 of the Order are not applicable.
- xxi. The reporting under clause 3(xxi) is not applicable in respect of audit of Standalone Financial Statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Report on the internal financial controls under clause (i) of subsection 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The Baroda Rayon Corporation Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

The Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

The company added real estate business in its object clause and amended its object clause in Memorandum of Association accordingly. Currently company is engaged in Real Estate activities.

The Board of Directors approved the standalone financial statements for the year ended March 31, 2025 and authorized for issue on May 30, 2025.

2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

(a) Basis of preparation and compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

(b) Basis of measurement

The financial statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial instruments and defined benefit plans which have been measured at fair value as required by the relevant Ind AS. Refer note 3(c) and 3(h) below.

(c) Functional and presentation currency

The financial statements are prepared in Indian Rupees, which is the Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lacs with two decimals.

(d) Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realized within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or
- the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/liabilities include current portion of noncurrent financial assets/liabilities respectively. All other assets/liabilities are classified as non-current. Deferred tax liabilities are classified as non-

current liabilities.

Operating cycle:

Based on the nature of the operations and the time between the acquisition of assets for processing and their realization in cash or cash equivalents, the Company has ascertained its operating cycle less than twelve months for the purpose of current non-current classification of assets and liabilities.

3. STATEMENT OF COMPLIANCE AND SIGNIFICANT ACCOUNTING POLICIES:

3.1 Statement of Compliance:

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

3.2 Accounting Policies:

a. Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods and services before transferring them to the customers.

Revenue from Contracts with Customers:

Revenue is measured at the fair value of the consideration received/ receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government and is net of rebates and discounts. The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangements.

Revenue is recognized in statement of profit and loss to the extent that it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

The Company has applied five step model as per Ind AS 115 'Revenue from contracts with customers' to recognize revenue in the standalone financial statements. The Company satisfies a performance obligation and recognizes revenue over time, if one of the following criteria is met:

- a) The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- b) The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- c) The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date.

For performance obligations where any of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue is recognised either at point of time or over a period of time based on various conditions as included in the contracts with customers.

Point of Time:

Revenue from real-estate projects

Revenue is recognised at the Point in Time w.r.t. sale of plots and commercial units as and when the control passes on to the customer upon completion of performance obligations and intimation to the customers thereof.

Incremental cost of obtaining contract

The incremental cost of obtaining a contract with a customer is recognised as an asset if Company expects to recover those costs subject to other conditions of the standard are met. These costs are charged to statement of profit and loss in accordance with the transfer of the property to the customer.

Other Income

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest.

b. Property, Plant and Equipment

Freehold land is carried at historical cost and revaluation cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

Depreciation/amortization:

Depreciation on fixed assets is provided on straight line method over the useful lives of assets specified in Schedule II of the Companies Act, 2013.

The range of estimated useful lives of Property, Plant & Equipment's are as under:

Category	Useful Life
Buildings	30 Years
Plant, Machinery	7-15 Years
Moulds & Dies	8 Years
Furniture & Fixture	10 Years
Office Equipment	5 Years
Vehicles	8 Years
Electric Installation	10 Years
Roads	10 Years
Computers	3 Years

The management believes that the useful life as given above represent the period over which the management expects to use these assets. The Company reviews the useful life and residual value at each reporting date.

The Company has applied the rate of depreciation on the basis of residual value of above Property, Plant & Equipment as contemplated in Schedule II of Companies Act' 2013, as the entire fixed register have been updated with physical verification. Wherever the useful life of Property, Plant & Equipment are completed as per the years mentioned in the Schedule II of the Companies Act' 2013, the net block of these assets consists of residue value to the extent of 5% of cost and revaluation portion.

c. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial assets

Initial recognition

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognized at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognized at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortized cost, fair value through other comprehensive income & fair value through profit or loss.

a. Measured at amortized cost:

A financial asset is measured at amortized cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortized cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

b. Measured at fair value through other comprehensive income

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business

model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognized in the OCI, except for interest income which recognized using EIR method. The losses arising from impairment are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in the OCI is reclassified from the equity to Statement of Profit and Loss.

c. Measured at fair value through profit or loss

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred.

(ii) Financial Liabilities

Initial Recognition

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognized at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

a. Financial liabilities at amortized cost (Loans & Borrowings):

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

b. Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and designated upon initial recognition as at fair value through profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and loss.

iii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

iv) Income/Loss recognition

Interest income:

Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Dividends:

Dividend income from investments is recognized when the right to receive it is established.

Borrowing costs:

Borrowing costs are recognized as expenses in the Statement of Profit and loss in the period in which

they are incurred.

d. Impairment of financial assets

The Company assesses at each reporting date whether there is any objective evidence that a financial asset or a group of financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in profit or loss. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

e. Inventories

Land and plots other than area transferred to constructed properties at the commencement of construction are valued at lower of cost/ as re-valued on conversion to stock and net realisable value. Cost includes land (including development rights and land under agreement to purchase) acquisition cost, borrowing cost if inventurisation criteria are met, estimated internal development costs and external development charges and other directly attributable costs.

f. Taxation

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

Minimum Alternative Tax ('MAT') credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period. As per Management representation, provisions for Minimum Alternate Tax (MAT) are not applicable because company has decided to opt for Section 115BAA of The Income Tax Act, 1961.

g. Employees Benefits

The company provides following post-employment plans:

- (a) Defined benefit plans such as gratuity and
- (b) Defined contribution plans such as Provident fund & ESIC

The company was following the above plans till the company was in operations in textile segment till August 2008.

All employee benefits payable wholly within twelve months of rendering services are classified as short-term employee benefits.

h. Provisions and contingencies

A provision is recognized if, as a result of a past event, the group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations

under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

i. Earning per share

Basic EPS is arrived at based on net profit after tax available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

j. Cash and cash equivalents

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value. Where original maturity is three months or less.

k. Cash flow statement

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

l. Use of estimates and judgements

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognized in the period in which the results are known/materialized.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date

The above policies were followed to the extent wherever applicable. Subsequently there were no activities carried, hence there is no specific requirement for adherence of accounting policies. However, there is no specific information relating to any change of policies due to loss of key managerial personnel in accounts as well as finance department.

m. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS - 117 Insurance Contracts and amendments to Ind AS 116 - Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 01, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements, standards or amendments to the existing standards applicable to the Company.

n. Non-current assets (or disposal groups) held for sale and discontinued operations:

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of the carrying amount and the fair value less cost to sell. An impairment loss is recognized for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognized for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognized. A gain or loss not previously recognized by the date of the sale of the non-current asset (or disposal group) is recognized at the date of de-recognition. Non-current assets (including those that are part of a disposal group) are not depreciated or amortized while they are classified as held for sale. Non-current assets (or disposal group) classified as held for sale are presented separately in the balance sheet. Any profit or loss arising from the sale or measurement of discontinued operations is presented as part of a single line item in statement of profit and loss.

Critical estimates and judgment in applying accounting policies

The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Information about estimates and judgments made in applying accounting

policies that have the most significant effect on the amounts recognized in the financial statements are as follows:

i) Provisions and contingencies

A provision is recognized if, as a result of a past event, the group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

ii) Accounting policy on taxation

In preparing financial statements, the Company recognizes income taxes of the jurisdiction in which it operates. There are certain transactions and calculations for which the ultimate tax determination is uncertain. The Company recognizes liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. The uncertain tax positions are measured at the amount expected to be paid to taxation authorities when the Company determines that the probable outflow of economic resources will occur. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made.

iii) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or to settle a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or to settle a liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 — other techniques for which all input which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 — Inputs which are not based on observable market data

27. Pending Litigation - Various cases filed against the company

Various cases relating to labour, excise, custom, income tax and PF/ESI matters have been filed against the Company during the normal course of business, which are insignificant to affect the existence of the Company in the opinion of the management.

Labour –

The Hon'ble High Court of Gujarat vide its order pronounced on January 11, 2021 has disposed the Letters Patent Appeals No. 948/2015 and allied LPA's and Civil Applications in terms of the Consent Terms entered between The Baroda Rayon Corporation Limited and Baroda Rayon Employee's Ekta Union.

However aggrieved by the said order, some workmen challenged the same in Hon'ble Supreme Court of India. The apex court vide order dated January 03, 2022 has disposed of the matter. Thereafter the aggrieved workmen had approached the Labour Court, Surat and the matter is pending. Further company had made provision of dues amounting to ₹ 1407.16 lakh in books of accounts as per norms of settlement during the year 2021-22.

Excise -

Payment of Excise Duty disputed by the Company in respect of CENVAT utilization of: Input & Capital Goods Matters ₹ 4449.29 lakh (Principal amount of ₹ 1880.88 lakh and penalty and fine of ₹ 2568.41 lakh) (Previous Year ₹ 4449.29 lakh). Final hearing was held on March 22, 2023 and order was pronounced on May 29, 2023 and remand back to Excise Department for re- examine. As a general rule, when the matter is remanded back to Department, the disputed amount is treated as NIL. Matter is still pending.

Custom -

Customs, Excise & Service Tax Appellate Tribunal, Ahmedabad vide its order dated January 31, 2022 has allowed the company to re-export the warehoused goods without payment of duty/fine/penalty if any. Regarding interest on Excise duty, company had requested to BIFR for waiver of interest, fine and penalty on duty for default period and it is also mentioned in circulated MDRS dated October 13, 2015. However Commissioner of Custom, Ahmedabad had not allowed the permission of re-export and therefore company had filed Special Civil Application (SCA) before Hon'ble High Court of Gujarat and the company's SCA was dismissed on January 02, 2023. Aggrieved by the impugned order, company had filled Special Leave Petition (Civil) with the Hon'ble Supreme Court of India which was admitted vide order dated May 09, 2023.

In this regard, we wish to inform that the Hon'ble Supreme Court of India has vide its order dated July 15, 2024 (Interlocutory Application in SLP) granted permission to export the warehoused goods/machineries, which are the subject matter of the Special Leave Petition (Civil), subject to the proceeds of the said export being deposited before the Registry of this Court within a period of two weeks from the date of the receipt of the proceeds of the said export sale.

On such deposit being made, the Registry shall transmit the same in an interest bearing Fixed Deposit Account in a nationalised bank offering highest rate of interest initially for a period of six months on auto-renewal basis. The Interlocutory application stands disposed of. However, the above referred Special Leave Petition (Civil) filed by the company at the Hon'ble Supreme Court of India is still pending.

Income Tax –

Income tax department raised a demand notice under Section 147 read with Section 144B of the Income Tax Act, 1961 of ₹ 809.43 lakh for AY 2014-15 vide assessment order dated March 26, 2022. Aggrieved by the said demand, company had filled grievance two times against the said demand stating that with the available brought forward losses, the department has not considered the carried forward losses against the income determined under Section 68 of the Income Tax Act, 1961. Further the department raised demand notice under Section 271(1)(c) of the Income Tax Act, 1961, for a penalty of ₹ 412.98 lakh. The matter is now pending at Income Tax Appellate Tribunal (ITAT), Mumbai. Company has not made any provision in this matter in view of already available Carried forwarded losses.

Company had received an Appellate order dated December 28, 2023 from Commissioner of Income-tax (Appeals), National Faceless Assessment Centre ('AO'), Delhi under section 250(6) of Income Tax Act, 1961 stating –

Ground 1 –

Appeal dismissed for unexplained cash credits u/s 68 of Income Tax Act, 1961 for ₹ 1215 lakh for FY 2013-14.

Ground 2 –

Appeal partly allowed by directing AO to examine the contention of the Appellant by giving adequate opportunity of being heard that there are brought forward losses in its case which are eligible for set off.

The Company has filed appeal before Income Tax Appellate Tribunal (ITAT), Mumbai against the said order on February 12, 2024 and matter is pending.

Company has further received an Appellate order dated February 21, 2024 from Commissioner of Income-tax (Appeals), National Faceless Assessment Centre ('AO'), Delhi under section 250 of Income Tax Act, 1961 stating that the penalty of ₹ 412.98 lakh is hereby confirmed and the appeal has been dismissed. The company has filed the appeal before Income Tax Appellate Tribunal (ITAT), Mumbai against the said order.

Damages on PF/ESI

The Company has received a "No Dues" certificate from the Provident Fund (PF) authorities confirming that there are no outstanding dues with respect to the principal payment of Provident Fund contributions. Furthermore, the Company has duly deposited the applicable interest on PF contributions under Section 7Q of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952. As of March 31, 2022, a total of ₹ 509.81 lakh has been deposited under this section, and no outstanding liability remains under Section 7Q. The PF authorities have also issued a communication to the Board for Industrial and Financial Reconstruction (BIFR) recommending waiver of damages arising from delays in PF contributions. Pursuant to the payment of interest under Section 7Q, the Company filed an application in March 2022 requesting waiver of Damages on Provident Fund: ₹ 799.79 lakhs and Damages on Employees' State Insurance Corporation (ESIC): ₹ 367.39 lakhs. These applications are currently under review, and the matter remains pending before the relevant authorities.

State Government Liabilities

The Company has made a representation to the BIFR requesting waiver of interest, fines, and penalties associated with these liabilities for the default period. An application was also submitted to the Government of Gujarat (GoG) on January 11, 2011, in accordance with Government Resolution (GR) dated July 15, 2010, which outlines reliefs and concessions available to sick industrial units. With regard to liabilities arising from State Government dues i.e. Interest on Electricity Duty: ₹ 623.09 lakhs and Dues to Surat Canal Division: ₹ 387.57 lakhs The GoG has provided its in-principal consent to the BIFR for granting reliefs and concessions as per the aforementioned GR. The matter is currently under active consideration by the appropriate authorities.

28. The balances of Sundry Debtors, Sundry Creditors, Bank balances and Loans & Advances are subject to confirmation and are shown as appearing in the Account.

37. Financial Instruments – Fair value and Risk Management

(i) Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
- 2) Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Financial Instruments are categorised in three level based on the inputs used to arrive at fair value measurements as described below:-

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities. (at cost)

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Inputs which are not based on observable market data

The carrying amounts and fair values of financial instruments by category are as follows:

(ii) Financial risk management objectives and policies

The Company Financial risk management is an integral part of how to plan and execute its business strategies. The company risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

(a) Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Borrowings bearing variable rate of interest	-	15729.50
Borrowings bearing Fixed rate of interest	8068.93	5410.30

(c) Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the company periodically assess financial reliability of customer, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- Actual or expected significant adverse changes in business,
- Actual or expected significant changes in the operating results of the counterparty,
- Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- Significant increase in credit risk on other financial instruments of the same counterparty,
- Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.
